### About *OVERLORD*

The year is 2138. A popular online game that awoke a virtual reality gaming boom, Yggdrasil, is quietly nearing its end of service. One player, Momonga, who had great achievements with his friends in his guild, quietly waited for the end. However, after the time for the game to end had passed, he was not logged out. Suddenly, NPCs began to have wills of their own. An entirely unseen otherworld had unfolded outside of his guild. In the real world, he's just a lonely young man who loves games, but in the game, he gains a skeletal form and becomes the world's strongest magic caster! The ruler of death who holds the world in his hands has arrived!
